## On the Subject of Adjacent Letters (Russian)

UP, down, left, right, UP, down, left, right...!

- Every button will have a different Cyrillic letter on it.
- Check the table to determine which buttons to press.
- Each letter in the "letter" column that has one of the letters in the "left/right" column directly left or right of it on the keypad must be pressed.
- Each letter in the "letter" column that has one of the letters in the "above/below" column directly above or below it on the keypad must be pressed.
- Press "TOTOBO" to submit your answer. Note: Multiple buttons can be pressed and they can be in any order.

Letter	Left/right	Above/below
